MEMORANDUM FOR: Director, Office of Communications

SUBJECT: Obtaining Ten RR/11 Units on Trial Basis

25X1A

25X1A

1. The [REDACTED] Station has a requirement for a small, battery operated, rugged, radio receiver for use in its [REDACTED] program. The units are to be used to monitor the frequency range from 2 MCS to 30 MCS. It is our understanding that the Office of Communications has a receiver, the RR/D-11, which may be able to meet the above requirements.
